

Committing My Plans to the Lord in 2023

Instructions:

1. Write out your **word** or **verse** for 2023. This can be one word that The Lord has impressed on your heart, a **prophetic word**, or a verse that He has given you for the new year.
2. Ask the Holy Spirit to bring things to mind that **He desires you to do** in 2023.
3. **Prayerfully** select a verse for each category and write it out.
4. Write **specific goals** for each category. (Your goals should be things that God has laid on your heart to do first, then things you know you need to do or desire to do.)
5. Once you have written out your goals, **commit each category and goal to God in prayer**. Ask God to speak to you regarding the goals and write down what He shows you. Pray for strength, wisdom, discipline, and help to accomplish them.
6. Throughout the year **revisit your goals** to check your progress. (I.e. Monthly, quarterly, 6-month mark.)
